

EDITH SIEVERS

ARTIST - IN - RESIDENCE YELLOW BARN STONE TOWER

June 4 – 27, 2010

Edith Sievers came to the Yellow Barn in 2007. She is an educator who now channels her passion and creativity into her art. Edith paints primarily with acrylic and oil paints. While she enjoys figure painting, she is drawn to the beauty of nature; capturing in a distinct palette and bold strokes the essence of color, light and shapes.

Edith grew up in Israel, and has lived in Asia, Northern Africa, and the Middle East. Her work is influenced by the visual distinctions and the optical experiences of these varied terrains.

Edith likes the process of stretching her abilities with multi-media works, and expressing herself through different art forms such as sculpting with clay, fused glass, and pottery. She welcomes the public to see her work in her studio, to ask questions, and view finished paintings. Art works are for sale.
